Weekly Bull Shit -

Run report for run 2217 - The 2016 Launceston Flood Run

“And the rain fell and the floods came and the winds blew and slammed against the Hash Harriers and yet they did not fall for they were strong” (Matthew 7:24-27).

“And they Hashers were given shelter and refuge and protection from the storm and rain” (Isaiah 4:6).

This must be true - it is written in the holy book.

The turn up tonight consisted mainly of the locals, the backbone of the club, with the exception of a few from the fringes Bussy, Sprocket, Blakey, ABBA - keen new runner Garry was so enthusiastic he borrowed a car as his normal ride was trapped safely high on a hoist in an Invermay workshop surrounded by floodwaters. No Thumbs tonight, the flood being a cruel reminder of the devastating times of the great Netherland floods of 1953 and he was probably busy repositioning some dodgy vehicles for insurance.

Earlier Sheila had set the most perfect run only to see it destroyed by a sudden transient rush of ravaging

floodwater, so a live hare run saw the first check at the Tailrace viewing platform. Not for the faint hearted as the fast flowing Tamar surged over the deck. West Tamar Council AUTHORITIES owe Tiles and Sheila a debt of gratitude for their heroic feat of saving the platform from total destruction by skilfully dislodging a 5 tonne tree log that was threatening the structure, setting it free into the downstream darkness – probably went on to annihilate the marina at Beauty Point. Negotiating

high ground of the West Tamar walking track the next check was at the Rowing Club where fire AUTHORITIES were assessing the risk posed by a modest sized LPG tank that had floated in from upstream. A lone Subaru was islanded on the levee surrounding the clubrooms, the lady owner contemplating its fate. A similar situation could be seen within the building as club AUTHORITIES were wading in waist deep salvaging the boat thingies. More mayhem ensued when we jumped onto the pathway leading under the bridge where the a workshop AUTHORITIES were gathering poles, masts and other boating thingies that had broken free and were at the mercy of eddy. The jetting water had ignored the pathway and surprisingly it was passable, allowing access to Kings Bridge where the water flow could be viewed in its full glory. ABBA stayed well away from Tiles while alongside the bridge railing just in case he was to “accidentally fall in”. The AUTHORITIES in Stillwater seemed optimistic, armed with mops they were menacing the foot of water that was flowing

through the place; I’m not sure if they had looked upstream and seen what was still coming – brings words to mind like futile, useless, stupid, pointless, ineffective, one hump, worthless, inane, ineffectual, wasted etc. At this point half the pack had seen enough and headed back while the others pressed on to check out the Yacht Club and Park St. Back at the on on latecomer and sludge arse Pash had kept the home fire burning and was performing quality tests on the 4X.

ON ON

Its amazing what a Hasher can do in his retirement Ocean cruises, caravanning and bible study aptly the book of Mathew has been studied this week by Sheila

The rain came down, the streams rose, and the winds blew and beat against that house; yet it did not fall, because it had its foundation on the rock. Mathew 7:25

Sheila thinks to himself how can I apply these messages in my life this week. I have led my flock on a run through the flood ravaged Launceston what else does the reading mean. He finally realises the true meanings of the scripture, I have to position the beer trailer on a foundation of rock. The beer trailer is positioned on a bluestone abutment next to his man cave where his disciples can safely drink out of the reach of the flood waters. The Metro workers Hash Pash and Blakey have kept Guard of the ON ON site fending off looters roaming around the flood ravaged low lying suburbs of Launceston. The fire pot is ablaze and has taken the chill off the air as the keg of XXXX is consumed. The raffles and ON Downs are quickly underway and the barby is fired up topping off another great night of Hashing in the wintery Launceston suburb of Trevallyn.

On Downs:

Sheila downed - providing tonight's spectacle.

Bugsy downed - for on the early stage of the run several hashers tripped over some rubbish left on the footpath of West Tamar Road. This rubbish turned out to be Bugsy's windcheater that he had dropped on the way in.

Joke of the Week:

The Origin of the

White Wedding Dress'

IT TOOK A VERY BRAVE MAN TO WRITE THIS....

IT TAKES AN EVEN

BRAVER ONE TO FORWARD IT....!!

A son asked his mother the following question:

'Mom, why are wedding dresses white?' The mother looks at her son and replies:

'Son, this shows your friends and relatives that your bride is pure.'

The son thanks his Mom and goes off to double-check this with his father.

'Dad why are wedding dresses white?'

The father looks at his son in surprise and says:

'Son, all household appliances come in white.'

The husband is still

in intensive care and the prognosis is not good!!!

THE ASS END OF THE TRASH

You should have parked on this side of the flood levee by 4:00 am your car will be submerged
