RUN No. 2252 19 Ardea Drive Swan Bay Hare: Electric Eric

## **LH3 Hash**

### **Weekly Bull Shit -**

#### **Run report for run 2252 Electric Erics washed out fiasco**

Electric Eric calls ON ON the trail is on green surveyors tape and flour, the trail starts at the for sale sign on the gate at the end of the road. We have a couple of visiting Hasher from Hobart with us tonight Drunken and Grizzly who are expecting a good long bush run. Grizzly is the first to the gate and is heard to say all I can see is green grass and green trees why the f@ck have you used green tape pink would have been better. Blakeys eyes finally acclimatise to seeing all green and spies the green tape on the fence. The trail follows the fence line to the fire trail where we find our first check. Grisly who has checked down hill is quickly calling ON ON. The trail continues on the fire trail to the bottom of the hill then veers left back into the bush a creek crossing takes us through a neighbours back yard onto the fore-

shore of the Tamar river where we find out first False Trail. A good run up till now, Hashers are checking in all directions, Bendover is bush bashing along the foreshore, Loggie is trespassing through the local properties, Fingers has gone up towards Windermere Rd Buggy has headed back through the Tee tree swamp but not a skerrick of flour or a millimetre of green surveyors tape can be found. Twenty minutes later it is decided to head home was it the rain from last night that washed the trail away or are we too stupid to find where the Hare has placed the trail. Trudging up Windermere Rd we come across some washed away lime which leads to the ON Home sign. Over a gate through a paddock across a creek bed and we are back at the ON ON site.

## ON ON:

Electric Eric is sure he has set the best summer run of the year and cannot believe his eyes when he sees the Hasher return from the wrong direction, no one found the secluded marijuana coup on the foreshore and no one did the loop through the paddock on the southern side of Windermere Rd. TheHare pulls out his mobile phone to show where the run really went. At least he has been busy while we were out on the trail the fire is ablaze and the beer is ready. We have two visitors with us tonight from Hobart Drunken and Grizzly who are here to spruik the benefit of signing up

early to the 50 years of Hashing to be held in Hobart on the last weekend in September. The Early Bird registration cut-off date has been extended but don't leave it too late or you will miss the boat

### Joke of the Week

Q: What does a redneck and yeast have in common?

A: They are both "in-bread"

Q: How do you know you're at a redneck wedding?

A: Everybody is sitting on the same side of the church

### Redneck Logic

A man from Arkansas is walking down the road when he sees a pile of dog shit. He looks at it and says, "That looks like dog shit." He gets down on his knees and takes a whiff. "That smells like dog shit!" He then picks it up in his hands and says, "It feels like dog shit!" He then takes a bite out of it and exclaims, "It even tastes like dog shit! It has to be dog shit." He puts it down and walks off muttering to himself "Glad I didn't step in it"
