RUN No. 2267 9 Totara St. Riverside Hare: Inlet

Weekly Bull Shit -

Run report for run 2267 Inlet's Family Day Care Run.

Pack:: Good Rollup!!

Weather:: Clear and Fine Typical Autumn Night.

After all the bullshit flowing from Inlet our Lip's mouth the only relevant instruction was " Out the drive turn right for the dummies that's towards town " !!

So the Pack headed off along Totara to keep turning right into Fairway Crescent another right turn and Loggy thought we were heading back home through the back gate , it was a late comers loop but no late comers at this stage. By the time the Riverside Primary School was in sight the pack was breaking up, the fast walkers , the footy group chattering and those draggin their bones, now its usually Abba either up front with his headphones on or down the back making sure he was doing the whole run but where was he to-night??? At least we won't have to send out a search party says Fingers who was still recovering for his long hours selling mowers at Agfest. So it was through the Oval of the Primary School and onto Riverside High's Grounds, a sneaky loop took the pack past Sheilas secondary classroom his signature still embedded in one of the Bricks, after searching for Tiles 's signature it was apparent the sludge arse was not on the run. A check broke the Group up and it was Rickshaw who found the trail around the Lake, Boong complained he had left his fishing rod at home but if **fishing was to**

be compared with his footy side it would be to no avail. The trail progressed through another School being the Catholic St Anthony's , some muttered that One Hump should have been on the run to pick up any kids that could not find their way home with or without ice cream to lure them. Now where are these absent Hashers on such a scenic running night. With a check at Windsor Park, Deli's elastic band had gone taunt and he

found himself headed back the way he had come , it wasn't too hard to realize the run was destined for the Trail all 2.4k's of it, the moon lit the path as Scary discussed his next build with whoever would listen, towards the river it went with a loop up the only hill on the run just to get a view of the landscape, back on the track with the Native Hens scamp-ering off the track as these noisy Hashers gate crashed their Habitat, even with some expertise Bendover was unable to catch one for the barbbque!! past the Soccer fields towards the Cricket Club where the run looped around the Clubrooms and back onto the Footy Ground , a tour round the boundary found Inlet behind the Clubrooms with his traditional drink stop , with Richshaw being the first Hasher in and half expecting a sausage in bread quickly told by Inlet that it wasn't Bun-nings . He must have done a bit of running as he swilled down a stubby. Blakey was dismayed as his stubby was flat Inlet muttered that it was the 6 pack he had dropped about a month ago. Not much time elapsed as all the pack arrived. With the run still to proceed, the pack left in drabs although the drinks were very refreshing!! Along the back fences that adorned Windsor Park past the Medical Centre and up on to the West Tamar Highway, Rickshaw was off now with Thumbs close behind being front runners with both a little confused as it crossed the Highway to the Riverside Pub surely not two drink stops!! No it just headed up the Highway towards town against the traffic with now three groups behind still chattering about the usual nonsense. Finally the underpass was in sight and the Hashers worked out this was how they were to

head home and not to disappoint this was where the "On Home " was found. A walk across the School Oval brought the Pack back to the northern end of Totara Street and back to a roaring fire , the normal sludge arses and cold beer.

Excluding the time lost for a drink, and a leisurely one hour well marked run, basically all flat keeping the tradition of Riverside Runs back on the agenda for the future excitement.

ON ON:

Welcome to sheilas rental I heard its just one of renters there is no flushing toilet and for any girls among us there are a few sheets of toilet paper and no lights. Welcome back Graham 2nd week back hope we don't turn you away you will get a naming in a few weeks amusing you cant remember what you told your wife when you got home last week. Prior to getting skulls some house keeping commiseration to Hash Pash who voted early and often last week and rang Nerali Ellis to wish her the best but to no avail not bad for someone that never answers his phone and calls Inlet 6 times over the weekend to get the trailer on that subject thanks Blakey for cleaning the barby plate.

Now talking of phone calls as you know its Budget night and our Same Hash Cash Pash got on the phone again earlier in the day and spoke to Scott Morrison and as a result beer at Hash may go up to \$25:00 to support the NDIS scheme.

He said no corespondance will be entered into.

Now commiserations for another Hasher being a Collywobbles supporter and not getting a win on their 125th then to top it off poor old Lou Richards passing away Boong said Lou would have made a great Hasher. Pash has a new poster about the Port Douglas Nash Hash. Health and safety seems to have been forgotten in Sheilas retirement what about the dodgy extension cords running the power system at Sheilas rental

No one has ever tipped 0 in the footy tipping until this week well done Scary.

Boong too busy working to check his emails or to go on the website has to call Inlet to find out where the run is so calls Inlet who cannot remember the address of Sheilas Renter. One of our former Hashers Ham-burglar who mainly rang with LH4 has passed away son of Chockie

Joke of the Week

Q: How is a casino like a woman?

A: Liquor in the front, poker in the back!

Give a man a fish and he will eat for a day.

Teach him how to fish, and he will sit in a boat and drink beer all day.

My wife and I are watching Who Wants To Be A Millionaire while we were in bed. I turned to her and said, "Do you want to have sex?" "No," she answered. I then said, "Is that your final answer?" She didn't even look at me this time, simply saying "Yes." So I said, "Then I'd like to phone a friend."

And that's when the fight started.
