RUN No. 2273 11 Hubert Way Youngtown Hare: Rickshaw

## *Weekly Bull Shit -*

### **Run report for run 2273 Rickshaws Replacement Run**

The winter solstice is upon us again no nude swimming in Launceston, Hashing in the dark must be the next best thing to do on a Tuesday night. Our illustrious G.M has stepped in to set tonight's run as Electric Eric's employer has summoned him to Sydney. The run has been set on chalk last night, will the trail still be there as it has rained overnight. The G.M says as it was not set with the dribble dropper full of **Out of Date Baby Formula** it will still be there. The Hashers are a bit reluctant to head out into the dark and cold, Bendover finally bites the bullet opens the shed door and leads the way to the first check 100 metres up the road outside the Primary School what was the G.M up to lurking about near a school. Sprocket is soon calling ON ON a good late cumers loop takes us to another check on Hobart Rd. The trail is now a bit difficult to pick up

as the rain has taken its toll on the chalk. Abba is heard in the distance blowing the horn the trail has been picked up outside the city mission headquarters. The trail heads up past Shrek's music studio past Tag's old residence into the pitch darkness of the Poplar Parade Reserve. Abba can be heard tapping out an S.O.S on the horn he has become lost in the dark as his torch is in his bag back at the ON ON site. Boong the Black Tracker uses his natural indigenous instincts to save Abbas bacon [will we ever forgive him] and leads him to the On Home sign near the South Launceston Football Ground. By this time the rest of the pack who said bugger Abba are back at the ON ON site filling their grails with XXXX Mid strength ale.

## ON ON :

Beer spillage has been the bane of LH3 for years, half a bucket full of slops has been the norm. Tyles has taken the bit between the teeth and hauled our trailer down to the beer pouring technicians at Boags Brewery. The laughter is still ringing around the oast house, we have never seen such antiquated taps out-dated fittings and undersize delivery hoses. Do you waste much beer was their first question, quite a bit was the answer. It will not take long to recoup the \$500.00 it will take to update your equipment. Money is no object says Tyles LH3 has reputation to up hold the best Hash beer in Australia. Tyles investment has been put to the test tonight it is hard to believe the small amount of beer in the slops bucket at the end of the night at this rate the new equipment will pay for itself before Christmas. Tyles effort earns himself an ON Down. The ON ON is held in Alohas garage tonight as the rain is with us again. Jan Cameron's discarded wood heater has raised the garage temperature several degrees encouraging the Hasher to drink more beer than they were permitted to drink at Abbas run last week. Rickshaw the G.M said there will be no beer fiascos at any of my runs. The barby has been left out in the weather but it does not deter the crew from enjoying snags and steak with their XXXX mid strength ale. Another great LH3 event bought to you by the committee that takes control.

### Joke of the Week

On the first day of training for parachute jumping, a blonde listened intently to the instructor. He told them to start preparing for landing when they are at 300 feet. The blonde asked, "How am I supposed to know when I'm at 300 feet?" "That's a good question. When you get to 300 feet, you can recognize the faces of people on the ground." After pondering his answer, she asked, "What happens if there's no one there I know?"

A science teacher tells his class, "Oxygen is a must for breathing and life. It was discovered in 1773." A blonde student responds, "Thank God I was born after 1773! Otherwise I would have died without it."

A blonde goes to the doctor's and find out she is pregnant with twins. She starts crying and the doctor asks her what's wrong. She replies, "I know who the dad is for one of them but I don't know who the dad is for the other one!"

Sex without condoms is magical...  
A baby appears and father  
disappears.

Two blondes living in Oklahoma were sitting on a bench talking..... and one blonde says to the other, "Which do you think is farther away.....Florida or the moon?" The other blonde turns and says "Hellooooooooooooo, can you see Florida...?????"

A blonde, brunette and redhead were smoking cigarettes one afternoon. The blonde had Camels, redhead had Marlboros, and the brunette had Kools. It began to pour down raining, so the redhead and brunette both pull out condoms and put them on their cigarettes. The blonde asks, "What are you doing?" and they reply, "We're saving it for later." Impressed, and in a hurry, the blonde goes to the nearest store and asks for a condom. The clerk says "What size: small, medium, or large?" She answers, "I don't know, one to fit a camel?"
