

The reign of the 35th GM of the LH3 club Tagg is about to come to an end. There have been some great G.M's over the years such as our founder Cambo, Tyles and Derbs. Tagg certainly had a formidable task ahead of him and big boots to fill when he accepted the role of our spiritual leader back in February 2013.

The success of any club can be attributed to its leadership and committee.

LH3 have had a very successful year, we managed to have an organised run every Tuesday night even though our Trail Master has been dubbed the Worlds Worst Trail Master.

The club has recovered from near financial ruin after the 2000th run at Carnacoo two years ago. We now have about \$10,000 in the bank minus what we will squander tonight. This financial position can only be attributed to our sponsor Boags, the Hash Cash Scary and the Monks over the last two years Boong and Hash Pash.

We have emerged from the dark ages and now have a web site which has had over 3000 hits and a Picasa photo album with over 1000 photos which we can look back on in years to come.

Our J.M Goblet has demonstrated what a J.M is elected for, not only did he organise the Footy Tipping contest during the winter he was also the stand in Hash Cash and Lip on many occasions.

The 2013 committee has been called "The committee that brings you more," the G.M will go down in the record books as the innovative G.M and the G.M who was not afraid to step on toes and confront his troops.

Tagg introduced light barrels soon after he took the helm, this has been hailed a great success with more light than heavy been drunk each week.

Tagg will be remembered as one of our great G.M's when we reflect back on our achievements in years to come.

As you may have noticed Scary forgot his cash tin tonight. The **G.M** has decided to add tonight to his many free nights during the year. Drink up on the **G.M's** expense account.

The Committee of 2013 wish the incoming committee all the success during 2014.

The 2014 Committee What will they bring you???
